

RPG Maker MV Installation Guide

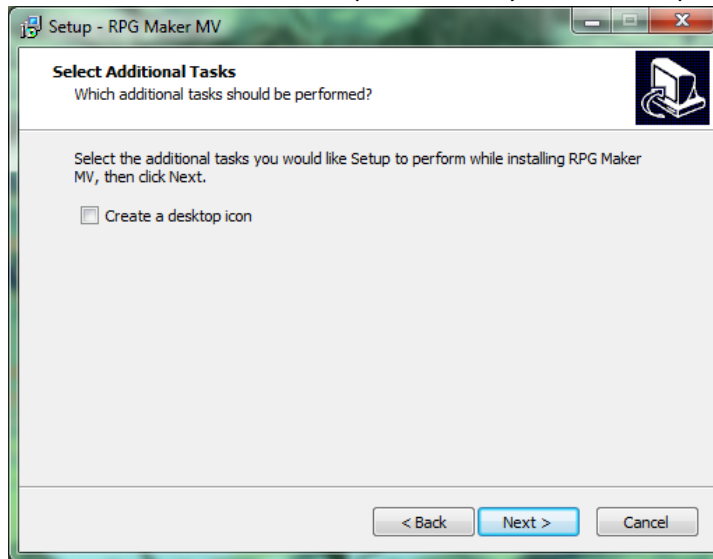

1. [Download the installer from the site.](#)
2. You should get a file called RPGMV_W_TRIAL.zip.
If you cannot open the file, you can use [7zip](#) or [WinRAR](#). Both are free.
3. Run the setup.exe. And select your language.

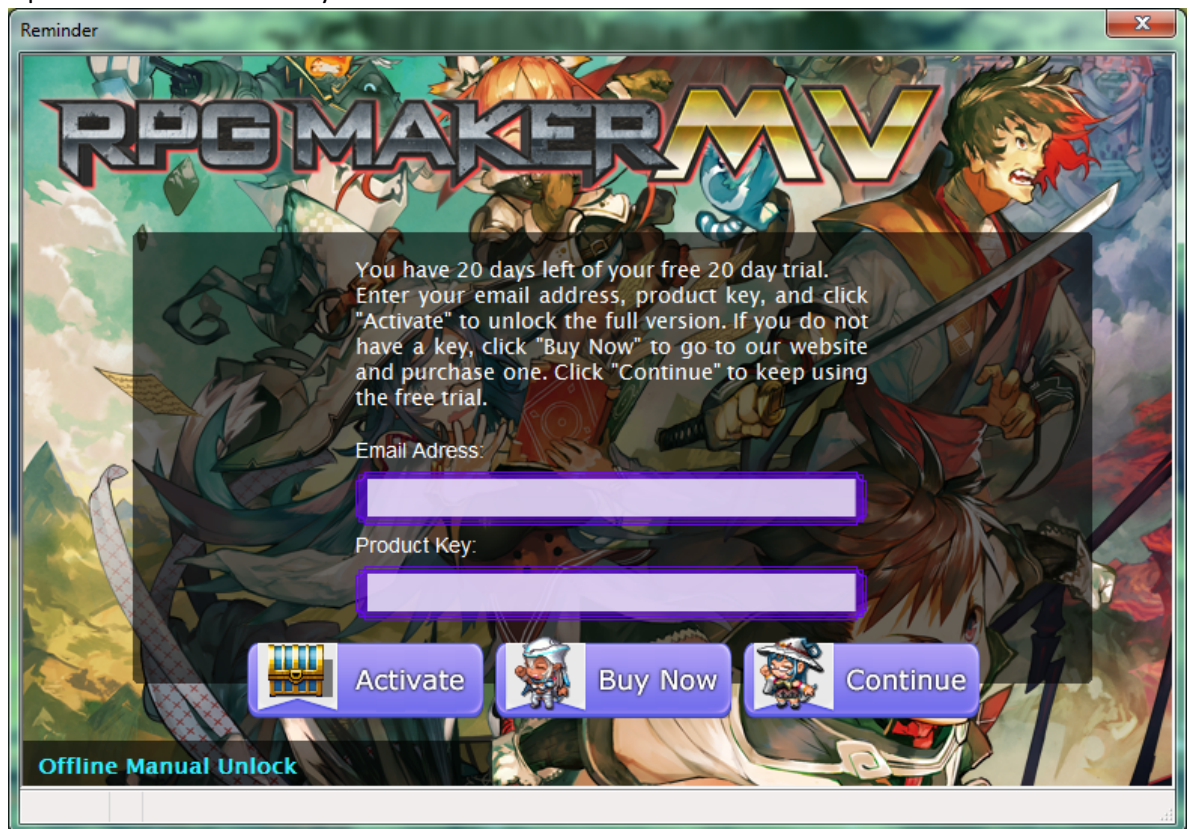

4. Click "Next" and set a folder path. By default it should be in *C:\Program Files (x86)\KADOKAWA\RPGMV*

5. Click “Next” and set a Desktop Shortcut if you want. Keep clicking “Next” until it’s done.

6. Open RPG Maker MV and you should see this window.

To activate RPG Maker MV trial,

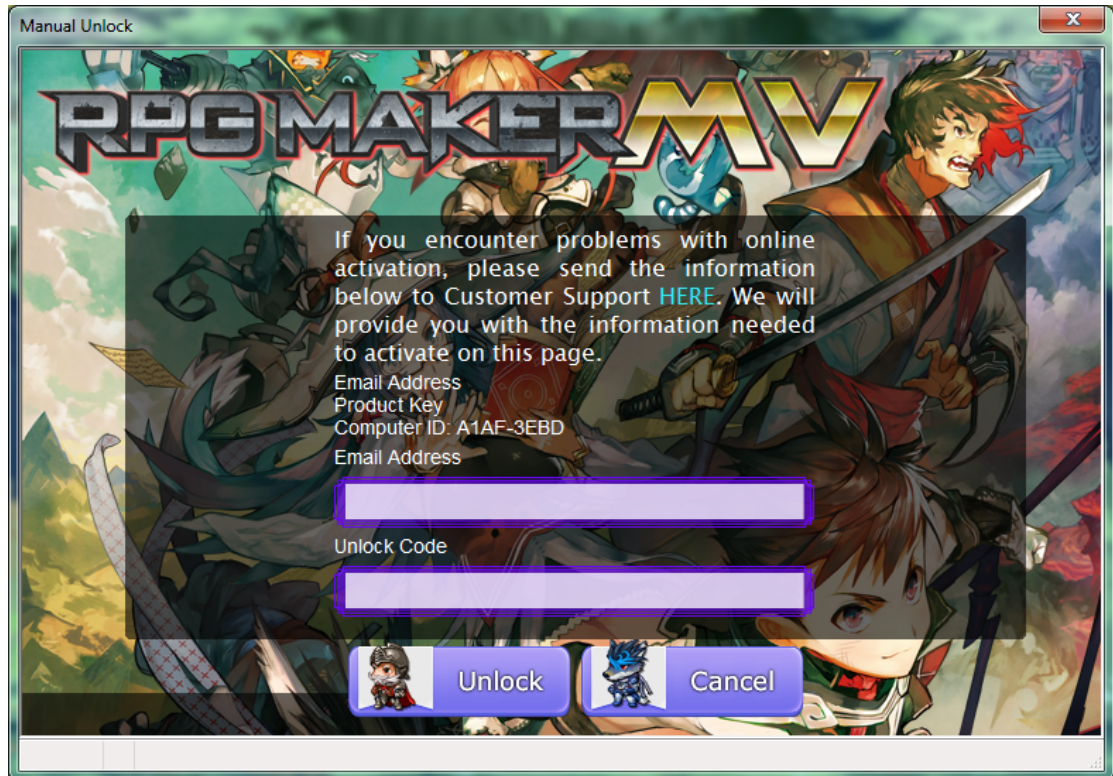

- Simply press Continue.
- The program will only be free for 20 days. Once that is done, you have to buy it.
- You can use trial made projects in the full version with no problems.

To activate RPG Maker MV online,

- Enter the email address that you used to purchase RPG Maker MV.
- The Product Key is provided in an email. Just copy paste it in the field.
